

Concrete Placer

Aoraki Kerb & Channel Ltd is a sister company of Earthworks Aoraki Ltd. Aoraki Kerb & Channel specialise in machine laid kerb & channel as well as concreting for residential sub-divisions, driveways and large commercial projects. Established in 2010, the company has seen rapid growth in recent years.

Aoraki Kerb & Channel has some exciting projects currently under construction and due to commence. As a Concrete Placer, you will be responsible for assisting the Kerb & Channel team with pouring, placing and finishing of a range of concrete projects.

Your experience in a diverse range of concrete works, excellent problem solving skills and commitment to promoting health and safety in the workplace, will enable you to positively contribute to the growth of the business.

Reporting directly to the Concrete Foreman you will be responsible for:

- Prepare and lay driveways
- Prepare and lay patios
- Preparing and laying kerbs
 - setting out string lines
 - setting heights,
 - laying gravel for concrete,
 - mixing slurry, finishing/ troweling machine laid kerb.

To be successful in this role, it is essential you have the following skills and experience:

- Minimum 2 years experience working with concrete as a placer / finisher
- Current Class 2 licence (*desirable*)
- Experience preparing and laying kerbs (*not essential*)
- Some experience operating heavy machinery (*not essential*)
- Physically fit and can complete manual labouring tasks

In return you will receive a competitive rate, on-going support & training and be part of a great team.

The successful candidate will be required to pass a pre-employment drug test & criminal history check.

To apply, please send your CV to kate@earthworksoraki.co.nz
